MATS Foldable Platform Trolley

This sturdy steel platform trolley features a non-slip deck surface and rubber bumpers on all corners for added protection and safety. It is equipped with four heavy-duty wheels, including 360° rotating front wheels, allowing smooth and stable movement. The foldable design makes it easy to store and transport, ideal for use in warehouses, factories, offices, and even at home. With a metal handle, durable plastic platform, and high-quality wheels, it offers reliable performance for carrying heavy items across various industries like construction, textiles, and manufacturing.

MATS Wheel Barrows

The MATS Wheel Barrow is a heavy-duty, high-capacity material handling solution designed for demanding use in construction sites, factories, farms, and warehouses. Constructed from premium 18-gauge mild steel and finished with a high-quality epoxy powder coating, it offers exceptional durability and corrosion resistance in harsh environments. Featuring dual pneumatic wheels, it provides superior balance, stability, and smooth mobility, even under full load. With a robust 150 & 200 kg load capacity, this wheelbarrow is ideal for efficiently and safely transporting bricks, cement, sand, tools, and other industrial materials.
